

BOYS & GIRLS CLUB
OF FOND DU LAC

Dear Johnsonville Club Elementary and Teen Parents:

As many of you may know, on Thursday, March 14 the Johnsonville Club was hit hard by the flooding and our whole lower level was filled with 3 inches of water. Unfortunately, this means that we are unable to use the space until some reconstruction is done so we will be unable to run programs at the Johnsonville Club.

HOWEVER, we are fortunate to live in a community where everyone supports each other and have a fantastic partnership with the school district so we will be able to continue our afterschool programs in two of our local schools. The following will be the schedule and process for our afterschool programs until further notice (**PLEASE NOTE ELEMENTARY AND TEEN ARE DIFFERENT**):
